# INTRODUCING SNAKE SKIN VEHICLE COCKPIT SHIELD

**REJUVENATE. PROTECT. SANITISE.**

Snake Skin shields vehicle interiors against harmful UV, high heat and kills bacteria on contact.

This ultimate protector cleans and dramatically improves the look and feel of vinyls, plastic, rubber, leather, wood and metal materials.

Surfaces are left with a non greasy, anti-static and anti-bacterial coating that repels dirt and dust. Interiors will smell fresh with lasting fragrance and look great.
